INSTRUCTOR: Steve Siedschlag, Phone (909) 652-6855 - Office BE-125 Email:

steve.siedschlag@chaffey.edu

OFFICE HOURS: (Room BE-125) Monday 10-11am, Tuesday 5pm-7pm; Wednesday 10-11am & 6-7pm.
(Success Center) Wednesday 1-5pm

TEXT: Hands-On Microsoft Windows Server 2008, Author: Michael Palmer, October 2008, Course Technology, ISBN-13: 9781423902348

<u>Start Date</u>	<u>End Date</u>	<u>Last Date to Add</u>	<u>Drop Grade Required</u>	<u>Drop Deadline</u>
1/16/13	5/22/13	1/22/13	1/29/13	4/10/13

Course Description and Objectives:

Course Description and Objectives:

This Course introduces students as well as the business professional to Microsoft Windows Server and enterprise networks. It covers an overview of the Windows Server environment, installing and administrating servers, domain management and networking. Students are expected to have Windows experience as well as knowledge of computers and data communications.

Upon Completion of this course the student will be able to:

- | | |
|--|---|
| A.) Maneuver in the 2008 environment | F.) Create and Manage Group Policies |
| B.) Install a 2008 server | G.) Design and implement Active Directory |
| C.) Manage Storage | H.) Manage a DNS server |
| D.) Create and Manage User and Group Accounts | I.) Manage a large enterprise |
| E.) Create and Manage Directory Shares and Permissions | J.) Utilize Tools to evaluate Server Problems |

The course will include a combination of lecture, in-class projects (individually and in small groups) and homework

Student Responsibilities

1. Class participation and in-class projects will be a significant part of your grade so you should try to attend each class meeting.
2. Any homework assigned must be completed and is due at the beginning of the class meeting. (Within the first 15 minutes) Late work will not be accepted. No exceptions. If you are going to miss class for some reason, have another student hand in your assignment or get it to the instructor ahead of time.
3. The teacher may (but is not required to) withdraw a student who has poor attendance. **It is the student's responsibility to withdraw if he/she decides not to, or is unable to continue in the class. Failure to do so may result in a failing grade.**
4. Unless otherwise stated, assignments are to be worked on individually by each student. Collaboration will result in **no** credit for all participating parties. Refer to the **Standards of Conduct** in the Student Handbook for more information.

Your course grade will be calculated as follows:

Review Questions, Quizzes, and In-class projects (labs) will **each** be worth 10 points

The Midterm and the Final will **each** be worth 25 points.

Points will be summed and then divided by the maximum score to form a final grade which will be determined as follows:

94% or better:	A	4.0	70% - 76%	C	2.0
90% - 93%	A-	3.7	67% - 69%	D+	1.3
87% - 89%	B+	3.3	63% - 66%	D	1.0
83% - 86%	B	3.0	60% - 62%	D-	0.7
80% - 82%	B-	2.7	59% or Below	F	
77% - 79%	C+	2.3			

Web Site

Supplementary information for the course is available at www.2profs.net . The site contains class notes, PowerPoint slides, the course syllabus, test dates, and other information for the course. Answers to the end of chapter review questions, student assignment files, and hands-on projects can also be obtained from the Web site.

Chaffey College is committed to providing reasonable accommodations for students with disabilities upon request of the student (in a timely fashion) and upon verification of disability. Contact DPS at 941-2332

Microsoft Network Server
Spring 2013
 Last Updated 1/16/2013

The Instructor reserves the right to change the projects, tests and schedule at any time. Be prepared for a quiz at the beginning of each class covering material discussed the prior week as well as in class work in support of the lecture material.

	Week of	Subject
1	16-Jan	Course Introduction
2	23-Jan	Installing Windows 2000
3	30-Jan	"
4	6-Feb	Configuring Server
5	13-Feb	Active Directory
6	20-Feb	"
7	41332	Users & Groups
8	6-Mar	Users & Groups(Continued) & User Profiles
9	13-Mar	Shares & Permissions
10	20-Mar	Spring Break (no classes held)
11	27-Mar	Shares & Permissions (Continued & Labs)
12	3-Apr	MIDTERM
13	10-Apr	Disk Management
14	17-Apr	Printing
15	24-Apr	Network Infrastructure
16	1-May	Network Infrastructure (Continued)
17	8-May	Network Infrastructure (Continued)
18	15-May	Remote Access
19	22-May	FINAL EXAM

Student Responsibilities

- 1.) Class participation and in-class projects will be a significant part of your grade so you should try to attend each class meeting.
- 2.) Any homework assigned must be completed and is due at the beginning of the class meeting. (Within the first 15 minutes) Late work will not be accepted. No exceptions. If you are going to miss class for some reason, have another student hand in your assignment or get it to the instructor ahead of time.
- 3.) The teacher may (but is not required to) withdraw a student who has poor attendance. **It is the student's responsibility to withdraw if he/she decides not to, or is unable to continue in the class. Failure to do so may result in a failing grade.**
- 4.) Unless otherwise stated, assignments are to be worked on individually by each student. Collaboration will result in **no** credit for all participating parties. Refer to the **Standards of Conduct** in the Student Handbook for more information.

GRADING

LATE WORK WILL NOT BE ACCEPTED!!

Late assignments will not be accepted under any circumstances. If you cannot attend class, it is your responsibility to ensure that your assignment is turned in. There will be no make up exams and no make up assignments. I will drop your lowest exam score during the semester, so you can effectively miss one exam without it affecting your grade.

ALL ASSIGNMENTS ARE DUE THE DAY POSTED ON THE SCHEDULE

If you cannot attend class on a day that an assignment is due, your options are:

1. Send your assignment to class with another student, friend, or relative
2. Deliver the assignment later or earlier in the day, either to me during my posted office hours or take it to the Business and Applied Technology offices in BE-8 and ask that they put your work in my mailbox
3. Determine an alternate way to submit the assignment (fax or email) but be sure to bring a hard copy to class on the next meeting

Because of this strict policy on late assignments and the understanding that you may have problems during the course of the class, I offer several opportunities for extra credit work both in class and outside of class. I strongly encourage you to take those opportunities in case the need may arise where you are unable to complete an assignment. The extra credit will not entirely cover the points of the assignment, but it will help to maintain your grade, if you should need to.

The percentage of earned points to the possible points will determine the letter grade. The percentage is determined by dividing the earned points by the possible points.

- A - 90% and above
- B - 89-80%
- C - 70-79%
- D - 60-69%
- F - below 60%

USING CHAFFEY'S COMPUTER LABS

You will be required to have a **CURRENT** Chaffey Student ID card. This card will be used in a scanner in the computer lab to "check" you into the lab. Without the ID card - you will **NOT** be allowed access to the Lab. You will **NOT** be required to register for a special Lab class. More information will be announced about lab use as it becomes available to the professor. Watch the Announcements.

STATEMENT ON PLAGIARISM

Plagiarism, an unlawful act which is defined as the misrepresentation of the published ideas or words of another as one's own, will not be tolerated in Chaffey College English courses. At the discretion of the professor, plagiarism may result in zero points for the assignment and/or failing the course.

STUDENT SUCCESS CENTERS

In the last few years, Chaffey College has created Student Success Centers, which offer tutorials, workshops, study groups, and computer access to assist students in their academic development and success.

DISABILITY PROGRAMS AND SERVICES

If you have a disability documented by a physician or other appropriate professionals and wish to discuss academic accommodations, please contact the DPS office at (909) 652-6379. Please be sure to allow adequate time to arrange for an appropriate accommodation.

EOPS AND CARE

Extended Opportunity Programs and Services (EOPS) is designed to ensure student retention and success through academic support and financial assistance for eligible students. Cooperative Agencies Resources for Education (CARE) is a program that serves a limited number of EOPS students who are single heads of households. It provides additional support services beyond those available through EOPS. The ultimate goal is completion of a certificate program, an associate degree, and/or transfer to a four-year college. Call (909) 652-6345 for information.
